Brian Groves

William Holdas

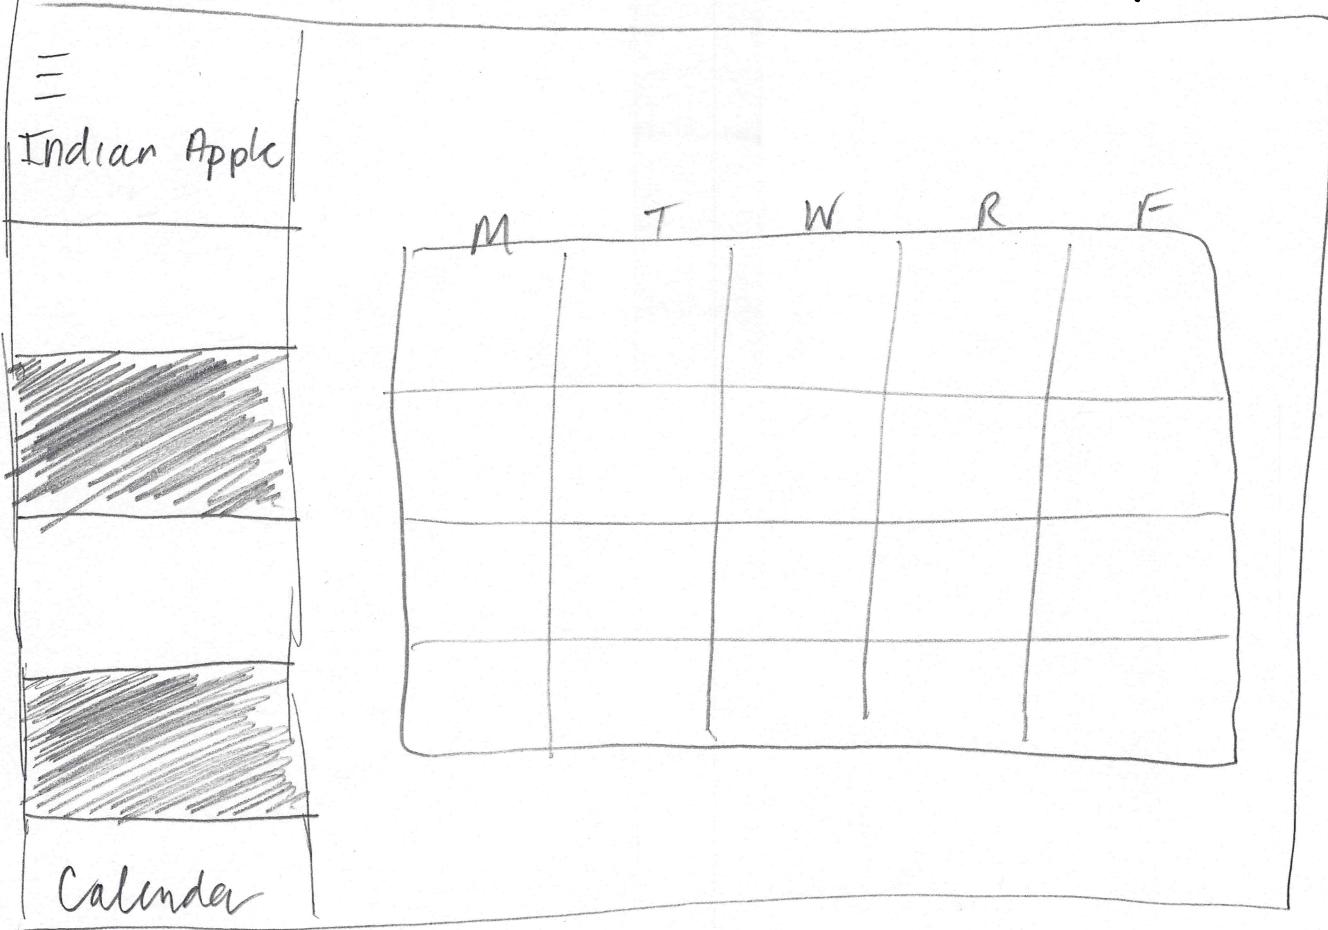

Connecting a BlackBoard calendar to the iPhone  
apple todo application

William Holdo

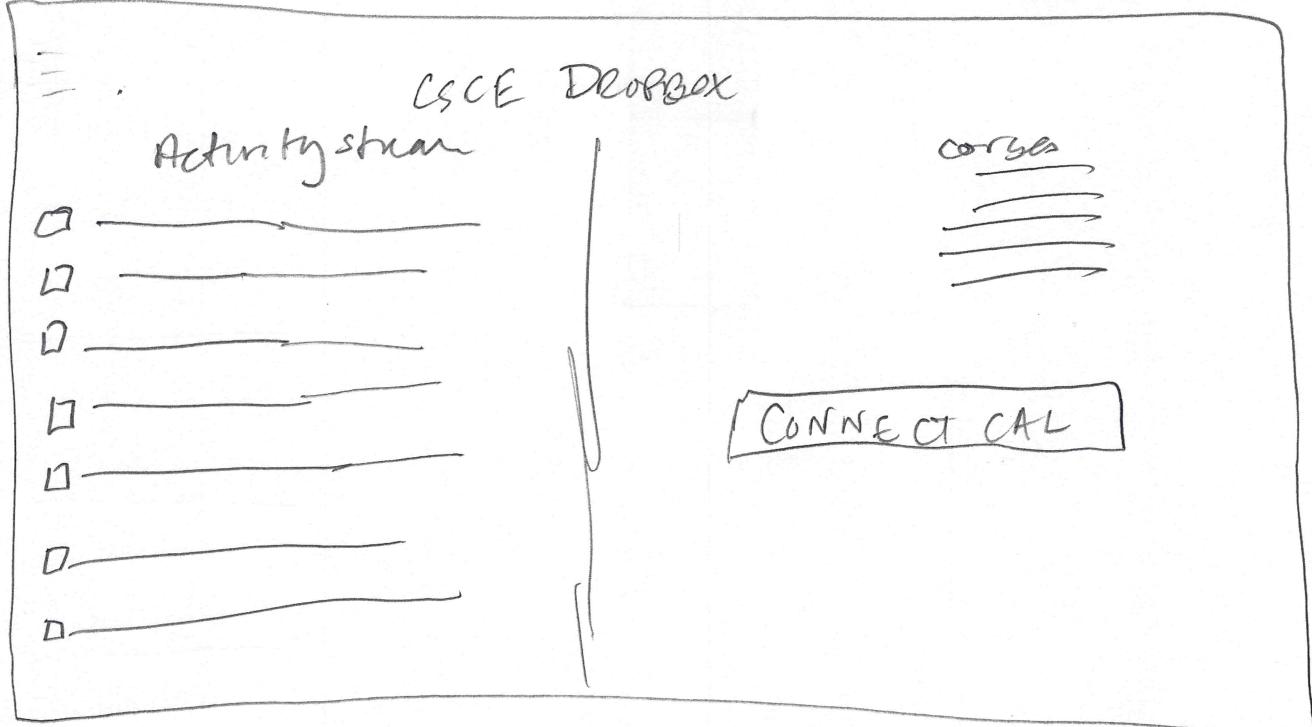

The opening screen at the commence  
of the app, requesting users to  
select a list.

William Hobbs

The Calendar Page, which allows someone  
to view due dates.

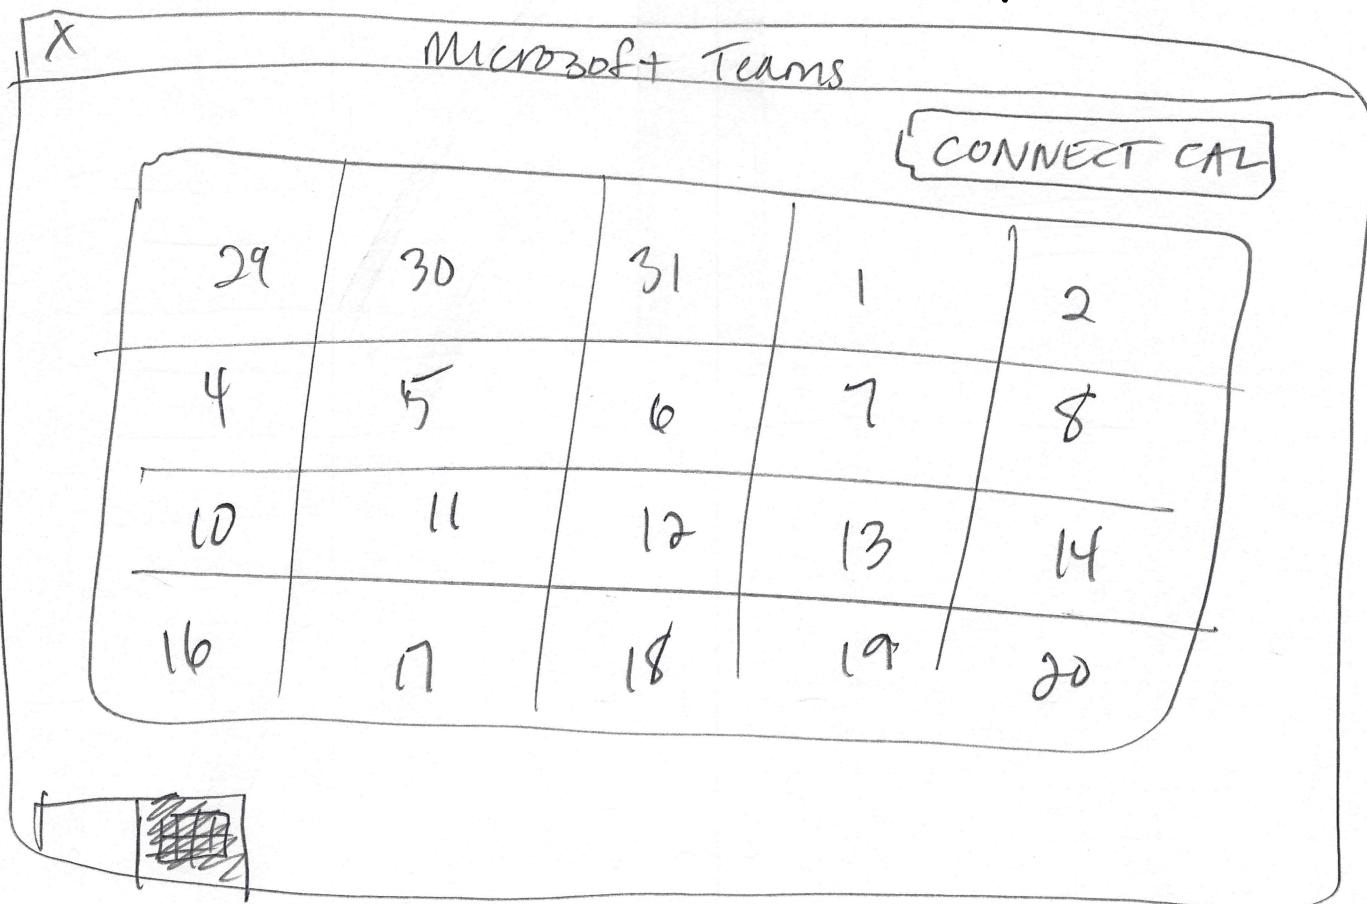

William Holdas ~~000000~~

An example of how the connectivity feature  
may look in another application.

The ability to connect external apps is  
important for our own.

William Hobbs

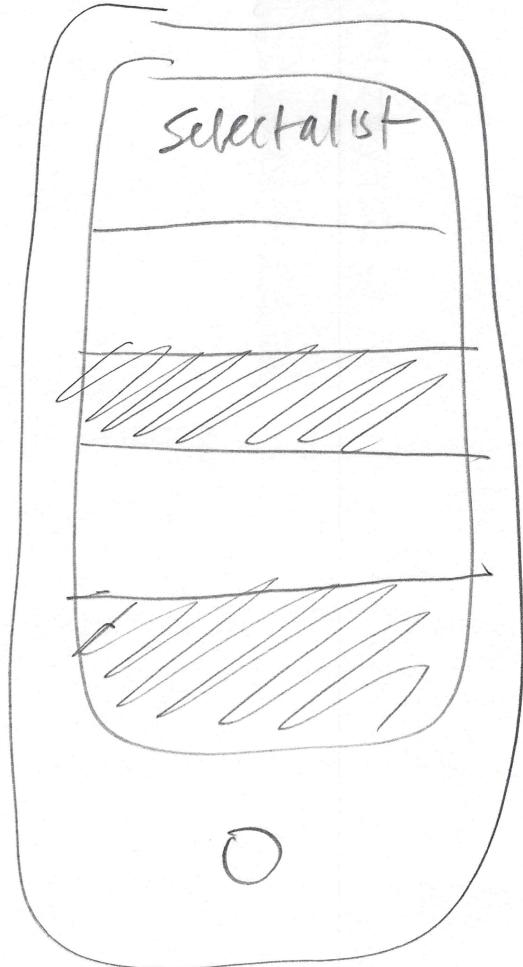

Connecting external apps would also work w/ Microsoft Products.
